Colorado Symptom Tracker

The State health department launched a symptom tracker survey as part of statewide COVID-19 tracking. The symptom tracker will appear on the [“Do you have symptoms?” webpage](#) on the COVID-19 website. Data from the tracker will provide local public health agencies with data for their coverage area. This could help public health officials understand when outbreaks are occurring in given locations and, in some cases, follow up with certain individuals who may need additional support. Knowing about potential outbreaks more immediately can help inform decisions to take action at the local level. Delta County Residents are encouraged to call the Delta County Health Department at 970-874-2172 if they need assistance in filling out the symptom tracker; they are available Monday – Friday from 8:00 am – 5:00 pm.
