

## DELTA COUNTY COVID-19 UPDATE

**Delta, Colorado (February 11, 2021):** COVID-19 Update from Delta County

Delta County continues to get vaccines at a steady rate; we are hoping to see an increase in the coming weeks with the Federal Government increasing their allotment to the states. Despite information circulating, Delta County Health Department does not currently “reallocate” vaccines to other vaccine providers. “We are not holding vaccines back,” said Public Health Director Karen O’Brien, “We are literally using up every last vaccine as quickly as we are able to do so, as is Delta County Memorial Hospital.” Each vaccine provider in Delta County receives their own allotment of vaccines, which includes Delta County Memorial Hospital, River Valley, City Market in Delta and Hotchkiss, as well as Safeway. A Kidz Clinic is planning to vaccinate all of Delta County School District, and Vision Charter Academy’s staff and will also receive their vaccines directly, as will Walmart once they become a vaccine provider in Delta County.

Colorado Department of Public Health and Environment has changed the provider for the free mobile COVID-19 testing to Mako; updated links for the required pre-registration are below. The free mobile testing continues in Delta County every week through February, The testing will take place every Friday in Delta at the Lion’s Pavilion from 9:00a – 4:00p; pre-register here: <https://mako.exchange/scheduler/registration/?location=2402>. Every Saturday, free COVID-19 mobile testing will take place at Delta County Fairgrounds in Hotchkiss, from 9:00a – 2:00p; pre-register here: <https://mako.exchange/scheduler/registration/?location=2413>.

Delta County has officially moved to the Yellow “Concern” phase of the State’s COVID-19 dial framework; click [here](#) for additional information.

As of today, Delta County reported 8 new positive cases today for a total of 2405 with 26 active and 2324 recovered; we currently have 1 individuals hospitalized.
